

Don't Know What Time It Is

The Muppets

"You know sometimes it's just so good to be alone "
Just don't know what time it is
And sometimes it's sunny like sweet apple honey
I try to remember my name
Sometimes the sky is like blueberry pie
And my heart feels the same 'til
I just don't know what time it is
And sometimes the rain starts to laugh in my veins
Till I feel like a leaf in a tree
That's when my heart starts to tumble apart
And I say now it's time to be me
