

Friends Till The End

The Muppets

Pick any song you please
Click we're in harmony
Stick to me and you'll see
What a kick it is to be
Friends, friends, friends 'til the end
You travel where you will
I'll tag along and we'll
See most of everywhere
Everyone will know that we're
Friends, Friends, Friends 'til the end
Sometimes when we feel a little bored
We play a little game but we don't keep score
Friendship is its own reward
Fun just to play the game
Win lose it's all the same
Who cares who really comes in first?
Let's spell it out!
F Someone asks of me
R You and me a team
I Say we'll always be friends 'til the
E-N-D
Friends, friends, friends 'til the end
