

He'll Make Me Happy

The Muppets

Jeff Moss
He'll make me happy
Each time I see him
He'll be the reason
My heart can sing
He'll stand beside me
And I'll have everything
She'll make me happy
Each time I hold her
And I will follow
Where my heart may lead
And she'll be all I'll ever need
Days go passing into years
Years go passing day by day
She'll make him happy
Now and forever
Until forever
Their love will grow
She only knows
He'll make her happy
That's all she needs to know
They'll be so happy
Now and forever
Until forever
Their love will grow
I only know
He'll make me happy
That's all I need...to...know...
