

Let Me Be Your Song

The Muppets

Music grows in the rose
Rock and rain and the blowin' snowstorm
Everything seems to sing
Everywhere I go
I say 1, 2, play me do
Let me sound as sweet as you
Play me wide
Play me long
Let me be your song
Play me down on the ground
Song comes singing from the midnight places
Raise me high in the sky
Song comes drifting through
I say 1, 2, play me do
Let me sound as sweet as you
Play me wide
Play me long
Let me be your song
Play me high
Play me low
Play me where the wild winds blowing
Play me wide
Play me long
Play me for your song
I say 1, 2, play me do
Let me sound as sweet as you
Play me wide
Play me long
Let me be your song
