

Pass It On

The Muppets

La la la la la
(Squeetly-dee squeetly boing)
La la la-la la la-la
(Deedly-dee diddly doing)
La-la la la la
(La la la)
La-la Pass it on
When it's nice and bright
And it brings delight
Let your heart choose right
Gotta pass it on
When it rolls real good
Like a rollie should
Then it's understood
Gonna pass it on
When you're giving love away
Love will come again to stay
What you give is what you gain
When you pass it on
When I give a gift to you
I know you're gonna give it too
That's why givin's what we do
As we pass it on
Pass it on Pass it on
Pass it on Pass it on
Wish upon all the good things that you do
Pass it on Pass it on
Pass it on Pass it on
When it's gone
It will bring good luck to you
When you're giving love away
Love will come again to stay
What you give is what you gain
When you pass it on
When I give a gift to you
I know you're gonna give it too
That's why givin's what we do
As we pass it on
Pass it on
