

The Way I've Got To Go

The Muppets

I don't care what they say
'Cause I know where to find my way
It won't be the way they said to go
'Cause I'm not like they say
I just want to find my own way
I'm going the way I've got to go
So show me the way to go
And I'll go free
I hope you'll see that I'm going the way I've got to go
