## The Music

I was coming down  
From what I don't know  
The life inside of me  
In time will set us free  
But will ya wait wait wait for me  
Will ya wait wait wait for me  
Until the night is coming down  
Will ya wait wait wait for me  
And well  
I love this mess  
It makes me feel  
Throughout my life  
You are my guide

Today what a day  
To go out sit and pray  
Well will ya wait wait wait for me  
Will ya wait wait wait for me  
Until the night is coming down  
Will ya wait wait wait for me  
And well  
I love this mess  
It makes me feel  
Throughout my life  
You are my guide

Love path the way  
Love path the way  
And well  
I love this mess  
It makes me feel  
Throughout my life  
You are my guide

Wait wait wait for me  
Will ya wait wait
