

# One Way In, No Way Out

The Music

We all know the situation yeah  
We all know the fear will soon be leaving  
And we all know it's gonna be ok  
One way in and no way out  
One way in and no way out  
No way out

Sooner or later you're gonna have to face it  
Cos we all know the future is the force  
We all see the old will soon be leaving  
Cos we are told it's gonna be ok  
One way in and no way out  
One way in and no way out  
No way out

What

Right now I'm not in love  
Right now I'm feeling hurt  
Right now I'm not in love  
Right now I'm  
One way in and no way out  
One way in and no way out  
No way out
