

Treat Me Right On

The Music

I saw my sister
I saw my sister
I saw my sister
When I was seventeen

Didn't want me to see her
Or what was in-between
Never ever stood
Or let through the passing of life

I took her aside
And let her decide
We can wait all night
As long as no one looks at us

Did I never tell you one thing nice
Or never ever let you go
Didn't understand her thoughts
Or let through the passing of life

I never thought I would take her aside
And let her decide
Treat me right on
Treat me right on

Woah...
Woah...

Blue moon baby,
Don't you let your tears be stained
Blue moon baby,
Don't you let your tears be stained

Blue moon baby,
Don't you let your tears be stained
Blue moon baby,
Don't you let your tears be stained

Treat me right on
Treat me right on

Treat me right on,
Treat me right on,
Treat me right on,
Treat me right on...
