

# Treat Me Right On

The Music

I saw my sister  
I saw my sister  
I saw my sister  
When I was seventeen

Didn't want me to see her  
Or what was in-between  
Never ever stood  
Or let through the passing of life

I took her aside  
And let her decide  
We can wait all night  
As long as no one looks at us

Did I never tell you one thing nice  
Or never ever let you go  
Didn't understand her thoughts  
Or let through the passing of life

I never thought I would take her aside  
And let her decide  
Treat me right on  
Treat me right on

Woah...  
Woah...

Blue moon baby,  
Don't you let your tears be stained  
Blue moon baby,  
Don't you let your tears be stained

Blue moon baby,  
Don't you let your tears be stained  
Blue moon baby,  
Don't you let your tears be stained

Treat me right on  
Treat me right on

Treat me right on,  
Treat me right on,  
Treat me right on,  
Treat me right on...
