

## LA Rain

## The Mynabirds

Another heart attack today up on the 405  
The sirens came and they went away  
They told me I'd be fine  
And the policeman said it's an easy fix  
Just needs some cosmetic attention

It's only an LA rain  
It's just an earthquake  
If it doesn't crack all the walls in the house  
It doesn't mean a thing at all

I got lost again today out on the 101  
The exits came and they went away  
But I kept driving on  
And Elizabeth said just lose yourself  
It's an easy art for you to master

It's only an LA rain  
It's just an earthquake  
If it doesn't crack all the walls in the house  
It doesn't mean a thing at all
