

Birds

The Naked and Famous

I'm so untrue
I need something more
For you

Oooo
Let go
I love you so

For that everything to me
Then we can do it easy
Oh no, don't rush me baby
I don't know what to believe

Oooo
Let go
I love you so

Could this be true?
Could I be with you?
And never look back

I dream you satisfy
And me, got no thing to hide

Oooo
Let go
I love you so

Could this be true?
Could I be with you?
And never regret
These things that we do
