

Part 2

The Naked and Famous

Perfect, peachy
Smiling, guilty
Someone is waiting
They're anticipating

Wilt and wither
Fail to deliver
This is your last chance
I've had, I've had it up to here

Testing patience
Don't delay
You'll have no one
They'll make you pay

No one can reach you
No one should teach you
You need to make this your own big mistake

Well I'm not the one to blame
You've fucked it up again
