### The Naked and Famous

Oh let out  
Oh let out some intention!  
Your beauty, your charm, destructive, disarmed  
Disarmed

My chaos, it kills me, my chaos for thee, it thrills me  
I know who you are  
This distance is tearing me apart  
Apart

Slow down  
Slow down baby

Fading, spinning, faster, faster  
Tell me what will we be after this is over  
Let me know: do you need this?!  
Cause I just wanna go home!

This chase is relentless  
This pace isn't real  
These things you feel  
This patience it shows, I guess that's just the way it goes  
It goes...

Oh let out  
Your beauty, your charm, destructive, disarmed  
Disarmed

I just wanna go home!  
Am I out of my depth?!  
One more slip and it's gone...  
I never wanna let go!  
Are you beginning to notice?  
Cause it's starting to show  
And I just wanna go home!
