

Make It Right

The Narrative

Stop I let you get the best of me
Now I can't leave
My head hung low with no where to go so I follow you
C'mon c'mon you know you lead me on when all I want is to be there next to
You

So don't kiss me good bye
Nooo, don't apologize
If you're wrong then just make it right, make it slow

I'm struggling to keep up with your push and pull.
And yeah you're confused but I'm growing tired of the mild abuse and
Disregard
So make up your mind cause I've made up mine and it always comes right back
To, to you

So don't kiss me goodbye
Nooo, don't apologize
If you're wrong
Then just make it right, make it right
I'll make it right.

Why oh why do you do this to me why do you think I'm pretty when I cry
Why oh why do you do this to me why do you think I'm pretty when I cry

So don't kiss me goodbye
No nooo don't apologize if you're wrong
Then just make it right make it right.
I'll make it right.
