

# Cherry Tree

The National

Take us down and all apart  
Cherry Tree  
Lay us out on the table

You're sharp alright

But no one is asking so leave it alone  
Leave it alone  
Can we  
No one is asking so leave it alone  
Leave it alone  
Can we

Loose lips sink ships...

Don't look at me  
I'm only breathing  
Don't look at me I'm indiscreet  
Don't look at me  
I'm only breathing  
Don't look at me I'm indiscreet

You're sharp alright

But no one is asking so leave it alone  
Leave it alone  
Can we  
No one is asking so leave it alone  
Leave it alone  
Can we

Loose lips sink ships...

Can we show  
A little discipline  
Can we show  
A little discipline  
Can we  
Can we

Loose lips sink ships...

Can we show  
A little discipline  
Can we show  
A little discipline  
Can we  
Can we

Loose lips sink ships...
