

Sorrow

The National

1. Sorrow found me when I was young
Sorrow waited, sorrow won
Sorrow they put me on the pill
It's in my honey, it's in my milk

R: Don't leave my hyper heart alone on the water
Cover me in rag and bone sympathy
'cos I don't wanna get over you
I don't wanna get over you

2. Sorrow's my body on the waves
Sorrow's a girl inside my cake
I live in a city sorrow built
It's in my honey, it's in my milk

R: Don't leave my hyper heart... (2x)
