

# Sorrow

The National

1. Sorrow found me when I was young  
Sorrow waited, sorrow won  
Sorrow they put me on the pill  
It's in my honey, it's in my milk

R: Don't leave my hyper heart alone on the water  
Cover me in rag and bone sympathy  
'cos I don't wanna get over you  
I don't wanna get over you

2. Sorrow's my body on the waves  
Sorrow's a girl inside my cake  
I live in a city sorrow built  
It's in my honey, it's in my milk

R: Don't leave my hyper heart... (2x)
