

Evil

The Nerve Agents

Blind me with all your lies
You're evil
I can look into your lies
You're evil
I can look into your face
You're evil
Lying all over the place
You're evil
Hey ma, run into the night
Into the night to roam
You lie you know
Those looks you give me tell that
You're evil
I hope I don't see you alive
You're evil
You, yea you
You're so evil
You're so evil
You're evil
You're evil
Hey ma, run into the night
You're a creature of destruction
Yea, you know
Into the night
Into the night to fight
Come on baby let's fight
Those looks you give me tell that
You're evil
I hope I don't fit into your plans
You're evil
You, yea you you're so evil
You're so evil you're evil
You're evil
Hey ma, run into the night
You're a creature of destruction
Yea, you know
