

# I Can See It In Your Eyes

The Neville Brothers

I can see it in your eyes  
Girl, you been tellin' lies  
I can see it in your smile  
You'll be gone in a while

I can hear it in your talk  
That you're about to walk  
I've been knowin' you way too long  
I can't go for your dance and song  
You could never fool me, know how

I can see it in your eyes, you're leaving  
Girl, that you been tellin' lies  
I can see it in your eyes, your eyes  
Girl, that you been tellin' lies

I can see it in your face  
That your mind's some other place  
From the coldness of your lips  
It makes me know that I'm loosin' grip

I can feel it in my bones  
That your love for me is almost gone  
Everyday I pray the Lord  
That your leavin' won't be so hard  
Leavin' won't be so hard, baby

I can see it in your eyes, you're leaving  
Girl, that you been tellin' lies, lies  
I can see it in your eyes, your eyes  
Girl, that you been tellin' lies

I can see it in your eyes  
Girl, you been tellin' lies  
I've been knowin' you way too long  
I can't go for your dance and song  
You could never fool me, know how

I can see it in your eyes, you're leaving  
Girl, that you been tellin' lies  
I can see it in your eyes, your eyes  
Girl, that you been tellin' lies

I can see it in your eyes, you're leaving  
Girl, that you been tellin' lies  
I can see it in your eyes, your eyes  
Girl, that you been tellin' lies

I can see it in your eyes, baby  
Girl, why, oh, girl, why you wanna lie, baby?  
Tellin', tellin' lies
