

Adeline Out Of Tune

The New Amsterdams

Adeline, out of tune
Heaven knows what I would do
You can't just walk away
From everything

Adeline, out of tune
Step in time, two by two
Say it's over regret
I'm sure it's over I guess

I don't ever forget
Ever forget

Adeline, out of tune
Heaven knows what I would do
Say it's over regret
Sure it's over I guess

I don't ever forget
Don't ever forget
