

Whatever You Say

The New Amsterdams

I care if you're killing the same four chords
Try 'em outta key in a minor key
And the socialist card doesn't open doors
Reminding me that anarchy...

Remember my creed if you can
Whatever you say
Whatever you say
Whatever you say to me
Is potentially damaging

You swing like a kid in a candy store
Is the sugar sweet in the bitter treat?
Hang on the words of the corporate whores
You're numbing me with your critique

Remember my creed if you can
Whatever you say
Whatever you say
Whatever you say to me
Is potentially damaging

Only you
Only you know the story
Hold your tongue for me

Whatever you say
Whatever you say
Whatever you say to me
Is potentially damaging
Is potentially damaging
