

# Mugshot

The New Cities

People tell me I outta know better  
It's so hard to keep it together

I've got this feeling cause my phone keeps ringing and my mind  
keeps dreaming, and my soul's just screaming out  
Hey oh, hey hey oh  
Just for the record, I've got a clean record I know its gonna c  
hange and I can't be blamed  
There goes my halo  
Things are about to change...

Gonna go all night, twilight to daylight  
Crank it to eleven, rock my way to heaven  
And I won't stop 'til I get my mugshot  
Money in my pocket, just to too late stop it

Its so easy, drinking tequila looking at  
Tila At the last bar, I was so famous, I was a rockstar  
And I lost my jacket when they played Michael Jackson Dancing a  
ll alone cause I own the zone  
Singing hey oh, hey hey oh  
Gonna jump in a fountain, climb every mountain  
Cutting every line cause I'm out of my mind  
Singing hey oh, hey hey oh  
Cause that's just how I roll...

Gonna go all night, twilight to daylight  
Crank it to eleven, rock my way to heaven  
And I won't stop 'till I get my mugshot  
Money in my pocket, just to too late stop it

And I've never seen a girl look as fine as you  
And I'm gonna get your name as my next tattoo  
And I wanna spend the rest of my life with you  
Before the cops come and take me away

Gonna go all night, twilight to daylight  
Crank it to eleven, rock my way to heaven  
And I won't stop 'till I get my mugshot  
Money in my pocket, just to too late stop it tonight

Just to too late stop it tonight  
Gonna go all night, twilight to daylight  
Crank it to eleven, rock my way to heaven  
And I won't stop 'till I get my mugshot  
Money in my pocket, just to too late stop it tonight
