

Another Drug Deal of the Heart

The New Pornographers

We can't send it back
Pretend it's yours 'cause it will be
It will still be cracked
Are you sure we bought the right thrill here?
It's a drug deal of the heart

Don't meet me here
Just meet me out on that corner stop
I won't pay you here
Let's treat it more like being sworn enough
Like a drug deal of the heart

A drug deal of the heart
It's a drug deal of the heart
