

Failsafe

The New Pornographers

Ready to bolt
at the first glimpse of failsafe
Signing my checks
with a name that's not mine

Clocking the hours that spin round through the tail end

Scolding those hills ahead
We both had a hand in it

You and me both, kid
You and me both, kid

Raising a flag
at the first sign of failsafe
Another red flag and
we've lost half the team

I left the game
to find you at the pavement
Scolding those hills ahead
We both had a hand in it

You and me both, kid
You and me both, kid

Ooooh
Ooooh
Ooooh

You and me both, kid
You and me both, kid
