

War on the East Coast

The New Pornographers

Last night I dreamt
Vancouver dressed up in the ocean
Last night I dreamt
Victoria drowned in the ocean

The ride of a lifetime
The rites of spring of a lifetime
The ride of a lifetime
The rites of spring of a lifetime

Blondes, brunettes, paper jets
Blondes, brunettes, paper jets
Star power, star power
The king bent over to smell a flower

I wanted to go home with you
I wanted to stay true to the cause
But look what we're living in

R: It's war on the east coast
It's war out west
Oh, I don't care
I don't care

R:

Blondes, brunettes, paper jets
Blondes, brunettes, paper jets
Star power, star power
The king bent over to smell a flower

I get it way back
I worked on it all day
A girl on a motorbike goes the wrong way
Wild gypsy ship
Never knew what hit

I wanted to go home with you
I wanted to stay true to the cause
But look what we're living in

R: (2x)

I wanted to go home with you
I wanted to stay true to the cause
But look what we're living in

R: (4x)
