

Forget the Job (Get a Life)

The Nitty Gritty Dirt Band

Hey everybody take a break
You're puttin' up with more than you should take
You've got work up to here fifty weeks a year
What difference would a couple days make
You got to get out in the world and see what's going on
You won't know what you're missin' 'til the missin's all gone

Forget the job (get a life) forget the job (get a life)
Forget the job (get a life, get a life, get a life)
Hey

You get an hour to grab lunch
You barely start before you have to be done
Someone comes up to you, you think they're real cute
But you have to be back before one
Or the boss'll be mad, the place'll fall apart
What you gonna do when it's him or your heart

Forget the job (get a life) forget the job (get a life)
Forget the job (get a life, get a life, get a life)
Hey

You come home half dead
Jammed traffic still poundin' in your head
Dishes in the sink, you could use a drink
Laundry piled up on the bed
You never stay home you party all the time
You really got to get your priorities in line

Forget the job (get a life) forget the job (get a life)
Forget the job (get a life, get a life, get a life)
Hey

Forget the job (get a life) forget the job (get a life)
Forget the job (get a life, get a life, get a life)
Hey

Forget the job (get a life, get a life, get a life, get a life)
Forget the job (get a life, get a life, get a life, get a life)
Forget the job (get a life, get a life, get a life, get a life)
Forget the job
