

If This Ain't Love

The Nitty Gritty Dirt Band

If this ain't love, we're dancing all around it
Honey, who knows how we might have found it
Call it what you want and that's close enough
If this ain't real I don't know what else it is
Anything better, I never felt it
What could it be if this ain't love

We've been out in the rain
Laughing out loud
We've been so afraid to say
All that we've been feeling up till now
So we walk to the river, let the world go on by
I can see all the answers in your eyes

If this ain't love, I wonder what it could be
Sure feels like everything it should be
I'm just glad it finally took ahold of us
If this ain't it, where we gonna find it
Seems like we've been sneakin' up behind it
Sure would be surprised if this ain't love

We've both been fooled before
So we took it kind of slow
We can't deny it anymore
No sense in pretending we don't know
It's a new situation that we got on our hands
And it's changing all of our plans

If this ain't love, we're dancing all around it
Honey who knows how we went have found it
Call it what you want and that's close enough
If this ain't love, where we gonna find it
Seems like we've been sneakin' up behind it
Sure would be surprised if this ain't love
Sure would be surprised if this ain't love
If this ain't love
