

In Her Eyes

The Nitty Gritty Dirt Band

She never seems to say alot
But I know she's got alot to say
She keeps her feelings to herself
But I know she's feeling more that way

She don't have to talk to me
Of love that never dies
I can see her feelings
In her eyes

And in her eyes
You can see the places that she's been
You see the faces of the men
She knew so well

And in her eyes
You can see the dreams that might be real
You see the scenes she can't conceal
But will not tell

Ooh, whoa, I know the story well

She's everybody's mystery
With her silence and her secret dreams
She's anything you want her to be
Anything but what she seems

And if you'd like to know her better
You can see through her disguise
You can see her feelings
In her eyes

And in her eyes
You can see the places that she's been
You see the faces of the men
She knew so well

And in her eyes
You can see the dreams that might be real
You see the scenes she can't conceal
But will not tell

Ooh, whoa, I know the story well
I know the story well
In her eyes
In her eyes
You can see it in her eyes
