

# One Good Love

The Nitty Gritty Dirt Band

Well, the last time was the very last time  
The absolute last time you were gonna trust another guy  
And give your heart away  
But here you go, honey with the same old song  
The same old story about some boy doin' you wrong  
And how love don't pay  
Well, girl enough's enough  
You better listen up

'Cause it only takes one good love  
The genuine item, a real home run  
To make you see what love can be  
Just one good love  
Baby, that's all, one good fall  
So before you decide you might as well go and give up  
I got one good love

I keep gettin' these tear-soaked calls  
Two in the morning it sounds like you're losin' it all  
I've heard it all before  
Baby, you don't have to put with this pain  
Another guy pushin' your buttons and pullin' your chain  
I've figured out the cure  
I think you're overdue  
For a man that's true

'Cause it only takes one good love  
The genuine item, a real home run  
To make you see what love can be  
Just one good love  
Baby, that's all, one good fall  
So before you decide you might as well go and give up  
I got one good love

This time is the very last time  
The absolute last time you'll ever have to trust another guy  
And give your heart away  
Just put your faith in me  
And honey, I guarantee

That it only takes one good love  
The genuine item, a real home run  
To make you see what love can be  
Just one good love  
Baby, that's all, one good fall  
So before you decide you might as well go and give up  
I got one good love  
One good love  
One good love
