

Special Look

The Nitty Gritty Dirt Band

Well, you say it's a matter of etiquette but I know it's a matter of time
Before you drop your defenses, tell me just what's on your mind
I've been watching all night from an arm's length and, baby, you're drivin' me wild
What can I do? Got my heart set on you.

Oh, won't you give me that special look
You know that sign
Give me that special look
Let me see those eyes.

I've been keepin' myself real visible, givin' us most every chance
It's a tough situation guessing whether you're into a new romance
I won't chase you around like a butterfly, no, I'm different than those other guys
Am I gettin' through, got my heart set on you.

Oh, won't you give me that special look
You know that sign
Give me that special look
Let me see those eyes.

Maybe you're just too serious
But I think you're just kinda shy, oh.

Give me that special look
You know that sign
Why don't you give me that special look?
Let me see those eyes.

Give me that special look
You know that sign
Won't you give me that special look?
Let me see those eyes.

Special look
That special look
Why don't you give me that ..
Let me see those eyes.
