

That's Where I Belong

The Notting Hillbillies

Show me a place where I don't have to worry
And that's where I belong
Show me a place where I don't have to hurry
And that's where I belong
Give me the time, so I can change my mind
Where it don't matter if I'm wrong
Show me a place where I don't have to worry
And that's where I belong
