

Now I know a year has 12 days  
Sometimes more but usually less  
Now I've learned not everything has a name  
But how do you call a thing that eats itself?

This year has one day  
It happens again when I try to sleep  
Problems to wake up? None  
I've got problems to fall asleep

Red is the colour of being weak  
White is the colour of being asleep  
Red is the colour of why am I so weak?

Now I know a year has 12 days  
Sometimes more but usually less  
Now I've learned not everything has a name  
But how do you call a thing that eats itself?

This year has one day  
It happens again when I try to sleep  
Problems to wake up? None  
I've got problems to fall asleep

Red is the colour of being weak  
White is the colour of being asleep  
Red is the colour of being weak  
White is the colour of being a sheep  
Red is the colour of why am I so weak?

This year has one day  
It happens again when I try to sleep  
Problems to wake up? None  
I've got problems to fall asleep

Red is the colour of being weak  
White is the colour of being asleep  
Red is the colour of being weak  
White is the colour of being a sheep  
Red is the colour of why am I so weak?

Red is the colour of being weak  
White is the colour of being asleep  
Red is the colour of being weak
