

Now I know a year has 12 days
Sometimes more but usually less
Now I've learned not everything has a name
But how do you call a thing that eats itself?

This year has one day
It happens again when I try to sleep
Problems to wake up? None
I've got problems to fall asleep

Red is the colour of being weak
White is the colour of being asleep
Red is the colour of why am I so weak?

Now I know a year has 12 days
Sometimes more but usually less
Now I've learned not everything has a name
But how do you call a thing that eats itself?

This year has one day
It happens again when I try to sleep
Problems to wake up? None
I've got problems to fall asleep

Red is the colour of being weak
White is the colour of being asleep
Red is the colour of being weak
White is the colour of being a sheep
Red is the colour of why am I so weak?

This year has one day
It happens again when I try to sleep
Problems to wake up? None
I've got problems to fall asleep

Red is the colour of being weak
White is the colour of being asleep
Red is the colour of being weak
White is the colour of being a sheep
Red is the colour of why am I so weak?

Red is the colour of being weak
White is the colour of being asleep
Red is the colour of being weak
White is the colour of being a sheep
Red is the colour of why am I so weak?
