

# Another Year Without Me

The Notwist

There are things I'd like to lose  
But they cannot hear me  
It's a whole new mix of this  
How could you do this, how could you do this to  
How could you do this, how could you do this to me?

As I became undone I scream  
Makes me live another year without me now  
How could you do this, how could you do this to  
How could you do this, how could you do this to me?

I'll die  
This I'd like to see another  
I'll die  
Because maybe you alive  
For I'll die  
For I'll die  
Because maybe you alive  
This time

I'll die  
This I'd like to see another  
I'll die  
Because maybe you alive  
For I'll die  
For I'll die  
Because maybe you alive  
This time

As I became undone I scream  
Makes me live another year without me now  
How could you do this, how could you do this to  
How could you do this, how could you do this to me?
