

Noah

The Notwist

Tell me what you taste
Will stay forever with you
Tell me what you taste

I know your buddy is sleeping
I know your buddy is sleeping
Sleeping

Tell me what it takes
To stay forever with you
Tell me what it takes

I know your buddy is sleeping
I know your buddy is sleeping
Sleeping
With you

Jump off 'cause nothing lingers alone
Jump off forever and now

Jump off 'cause nothing lingers alone
Jump off forever and now

Tell me what you taste
Will stay forever with you
Tell me what you taste

I know your buddy is sleeping
I know your buddy is sleeping
Sleeping
With you

Jump off 'cause nothing lingers alone
Jump off forever and now

Jump off 'cause nothing lingers alone
Jump off forever and now

Forever and now
Forever and now
Forever and now
Forever and now
