

Off The Rails

The Notwist

We're off the rails
Now we are trains
Ourselves
No wait and see

We're off this place
Doesn't mean we're
Somewhere else
No waiting

This is all I know
Sitting still to watch the engines
Come and go

This is all I know
Sitting still to watch the engines
Come and go

We're off the rails
Now we are trains
Ourselves
No wait and see

We're off this place
Doesn't mean we're
Somewhere else
No waiting

This is all I know
Sitting still to watch the engines
Come and go

This is all I know
Sitting still to watch the engines
Come and go

This is all I know
Sitting still to watch the engines
Come and go

This is all I know
Sitting still to watch the engines
Come and go
