

Seasons

The Notwist

I feel good
Because you're so good
Tell me all you see
Or sell this deed to me

I thought I'd know
But people scares
And where to go
After all those nights

Bring the season to my heart
You bring the season to my heart
Sometimes seasons and
I start to face them

I feel good
Because you're so good
Tell me all you see
Or sell this deed to me

Bring the season to my heart
You bring the season to my heart
Sometimes seasons and
I start to face them

Bring the season to my heart
You bring the season to my heart
Sometimes seasons and
I start to face them
