

The Devil, You + Me

The Notwist

We know
We're not the smartest
In this place
We don't have to be

Lights are out but anyhow
This is what they see
It's the devil
It's you and me

Bring it on home
And keep it warm
Won't leave you
Anyhow

Bring it on home
And keep it warm
Won't leave you
Anyhow

We know we know
When snow will fill our window
A yearlong winter's done
And all is white

We'll pack our things and leave this place
'Cause this is what they see
It's the devil
It's you and me

Bring it on home
And keep it warm
Won't leave you
Anyhow

Bring it on home
And keep it warm
Won't leave you
Anyhow
