

Back On Track

The Nylons

One day is little to ask
One night goes much too fast
One love deliver me back
Once more I'm back on track
I need another chance
One more is all I ask
It's just a matter of fact
Once more I'm back on track

I counted on the images to help me see
You showed me that the lights will never make me free
I tossed and turned until I rested on my back
You let me know that I was back on track

I know wherever I'm at
One turn I'm busted flat
Someone cut me some slack
Once more I'm back on track
Enough is never too much
If you've got the magic touch
Can't think about big time jack
Once more I'm back on track

I'm reaching out to find you
I found out that I need you
I need to know you want me
I'm coming back I'm coming back
I'm back on track

I found the rhythm of love
You know what I'm thinking of
It's easy when you get the knack
Once more you're back on track
One day is little to ask
One night goes much too fast
One love deliver me back
Once more I'm back on track
