

Dance Of Love

The Nylons

Do, do, do you wanna do it?
Do, do, do you wanna dance?
Do, do, do you wanna do it?
Do, do, do you wanna dance?

The book of love's got a brand new page
Latest sensation and it's all the rage
16 to 60, get your dancin' shoes
Extra extra, read all about it, love is headline news

It's an emotion, the way that you feel
Set your body in motion and your head starts reelin'
You can fight it then you lose control
You can do it, nothin' to it, everybody wants to know

How to do, do the dance of love?
Everybody come on do, do the dance of love sweet love
Step to the left, move to the right
Make up, break up, love all night

Do the dance of love, the dance of love, baby
Do the dance of love, do the dance of love, baby
Love baby, love baby, love baby

Do do, do you wanna do it?
Do do, do you wanna dance?
Do do, do you wanna do it?
Do do, do you wanna?

16 to 20 baby, that's one on one
A little bit of love can be a whole lotta fun, now
You can do it baby, you know how
Gotta get ready for the time of your life, don't be late for now

Come on do, do the dance of love
Everybody come on do, do the dance of love
Step to the left, move to the right
Make up, break up, love all night

Come on and do, do the dance of love
Everybody come on do, do the dance of love sweet love
One step up, two steps back

Love's a supernatural fact
And we're doing the dance of love
The dance of love baby, do the dance of love
Dance, dance, dance, do you wanna dance?

Do do, do you wanna do it?
Do do, do you wanna dance?
Do do, do you wanna do it?
Do do, do you wanna dance?

Do you wanna dance with me baby?
Dance with me baby
