

No Stone Unturned

The Nylons

I ain't leavin' no stone unturned
Go to the end of the world little girl
Find you and bring you back home
I ain't leavin' no word unsaid
I'm gonna tell you how much I love you
Need you back in my bed

Now if you're down in baltimore
I'll be on the next train
With a suitcase full of memories
Can't we relive 'em again

My whole world is about you
It's just not happening without you
Loneliness is like a wall I can't climb over
Can't dig my way out from under all this
Unhappiness

Chorus

If you could find it in your heart
To give it one more try
I know I could convince you girl
There's no good in goodbye

Our love is lost but we can find it
If we could only get behind it
Maybe you have gone and found
Yourself somebody new
And maybe I should find somebody too
But till I hear it from you baby

Chorus
