

# Beautiful Bluebird

The Oak Ridge Boys

One mornin' when I was ridin' in my old pickup truck  
A beautiful bluebird came flyin' down  
My eyes caught the color as it lead me down the road  
Dippin' and bobbin' in the sun

Beautiful bluebird, see how she flies  
Looks like she's always goin' home  
If heaven had a window where the sun came shinin' through  
Like a beautiful bluebird I'd come flyin' back to you

Beautiful bluebird, see how she flies  
Looks like she's always goin' home

I've never seen that blue before except in one place  
And she's not here with me right now  
And just like a lover I watched her fly away  
And that's what I remember now

Beautiful bluebird, see how she flies  
Looks like she's always goin' home  
If heaven had a window where the sun came shinin' through  
Like a beautiful bluebird I'd come flyin' back to you

Beautiful bluebird, see how she flies  
Looks like she's always goin' home  
If heaven had a window where the sun came shinin' through  
Like a beautiful bluebird I'd come flyin' back to you  
Like a beautiful bluebird I'd come flyin' home to you
