

# Your Love Made Me Do This Way

The Oak Ridge Boys

I look high, I look low  
Always searching for love  
Well I try in my soul  
But I just couldn't give up.  
Then one night it'll be  
I stepped into paradise  
We just smiled so sweet  
You put love into my life

Now I'm so happy, feel like singing  
Children laughing, bells are ringing  
Feels like heaven, I'm in clover  
Sweet as honey, candy over  
Now you gave me the sunshine  
Made it brighter each day.  
So I'll tell everybody that'll listen to me  
Your love made me this way.

Well each day when I rise  
I start out thinking of you.  
There's no grey in my sky  
It stays eternally blue.  
When the star it don't glow  
I'm not alone in the dark  
Then the sun will glow  
That you put into my heart

Now I'm so happy, feel like singing  
Children laughing, bells are ringing  
Feels like heaven, I'm in clover  
Sweet as honey, candy over  
Now you gave me the sunshine  
Made it brighter each day.  
So I'll tell everybody that'll listen to me  
Your love made me this way.

Now you gave me the sunshine, made it brighter each day.  
So I'll tell everybody that'll listen to me

Now I'm so happy, feel like singing  
Children laughing, bells are ringing  
Feels like heaven, I'm in clover  
Sweet as honey, candy over  
Now you gave me the sunshine  
Made it brighter each day.  
So I'll tell everybody that'll listen to me  
Your love made me this way.

Your love made me this way.
