

Bitter,  
Bitter what's your name?  
You see, I see so much of you anymore  
You're the same  
Stuff it all in and you shout it all out  
Bitter, bitter, bitter  
Make it all dim and parade it about  
Bitter, bitter, bitter  
Bitter is your name  
Pity,  
Pity what's your game?  
You know I see so much of you anymore  
you're a pain  
Stuff it all in and you and you shout it all out  
Pity, pity, pity  
Make it all dim and parade it about  
pity, pity is your game  
Bicker,  
Bicker what's your name?  
You see, I see so much of you anymore  
You stuff it all in and you shout it all out  
Bicker, bicker, bicker  
Make it as dimm and parade it about  
Bicker is your aim  
Bitter is your name
