

## Crash

## The Ocean Blue

Your lovely daydreams  
from the back of youth  
You metamorphosed  
and then off they flew  
Remember me,  
when you fall  
remember me,  
when you  
Crash

Your soon tomorrow  
in front of you  
Holds lovely daydreams  
from the background  
view  
Remember me, when  
you fall  
remember me, when  
you  
Crash

Your soon tomorrow  
in front of you  
You metamorphosed  
and then off you flew  
Remember me,  
when you fall  
remember me,  
when you  
Crash
