

Crash

The Ocean Blue

Your lovely daydreams
from the back of youth
You metamorphosed
and then off they flew
Remember me,
when you fall
remember me,
when you
Crash

Your soon tomorrow
in front of you
Holds lovely daydreams
from the background
view
Remember me, when
you fall
remember me, when
you
Crash

Your soon tomorrow
in front of you
You metamorphosed
and then off you flew
Remember me,
when you fall
remember me,
when you
Crash
