

Out Here

The Ocean Blue

Hey
I'm calling
Hey
I'm out here
You're so wrapped up you can't tear your eyes away
Hey
I'm slipping
Hey
I'm falling
Its just a matter of time til I fade away

Such a beast of a day below
So pretty and stale
Such a radical view you're searching for

Hey
I'm watching
Hey
I'm listening
If you speak up you might blow my heart away
Hey
I'm drifting
Hey
I'm drowning
Its just a matter of time til I drop away

So collected and calm in your cocoon
So pretty and high
don't flatter yourself
your just a pawn
