

Define A Transparent Dream

The Olivia Tremor Control

Look over the surface and into the distance
Constantly showering me with decision

Define a transparent dream

Define a transparent dream

Feel the atmosphere breath with life
My old portrait heads of Gertrude Stein

So it's back and forth again
Dreaming on the doorstep
The always red society
Comes to visit me

Well I'm dreamin of a sunset
Juicy coffee in the morning
After staring at the stars all night

The always red society
Wraps rings around the sun
Saturn too

All ni-- ght, ni-- ght, ni-- ght
