

# I Can Smell The Leaves

The Olivia Tremor Control

autumn is here  
i can smell the leaves  
little by little it gets colder

take the bus downtown  
ride a bike  
to the park  
with your trip

people everywhere  
immediate processors  
writing books and climbing stairs

just a few hours  
the sun goes down  
all the people hanging around go back home  
or stay downtown

autumn is here  
i can smell the leaves  
the color of fire  
i look at the trees grow older
